

To Whom It May Concern:

Karen Empringham has worked as a financial consultant for Timber Islands Production, forecasting our 2008 – 2009 Kerosene Lamp Concert Series as well as compiling financial data from our 2007 -2008 series. She helped us to understand where we had been and where we are going. I found her to be thorough and able to talk about the financial picture in a clear and concise way.

Karen is also a new neighbor of ours. Since her arrival in the county, she has made enormous efforts to learn about her new community, to participate and to connect with County residents and establish new friendships.

We highly recommend Karen for the position assisting entrepreneurs with the Economic Development office. She will be an asset to the organization and to the County as a whole.

Sincerely,

Suzanne Pasternak and Bernie Gaw
